Customer Reviews

This recipe and cook book is a different take on a well balanced, easy to prepare healthy meal. It comes with a lot of options for you to choose from, whichever suits your taste and need. It focuses not on totally changing your choice of food, but it only encourages you to tinker some of your preparation habits and alter the ingredients to a healthier alternative. I appreciate that this book gave a lot of tasty and enjoyable sample recipe that is interestingly easy to make from breakfast,lunch,and snacks to dinner and desserts this book got you covered.

I didnâ™t know about Mediterranean diet before, I thought itâ™s just the same as all the diets I always hear and see in almost everywhere. But now I know that it is not merely a diet, but a lifestyle that can help me attain a good health. I learned that diet is not just about foods but also changing the way I live my life. In here I also find Mediterranean recipes that are quite new to me, but lâ™m

willing to try them one of these days.

So many recipes, my head is starting to hurt. I am not joking! Slow cooker, crock pot, and the Mediterranean diet in the same book. How could I ask for anything else? You can enjoy in these delicious meals and all that without breaking a sweat. It's a little paradise in your own kitchen and the smell is fantastic.
