Easy Microsoft Windows XP (4th Edition)

Synopsis

Easy Microsoft Windows XP Home Edition, 4th Edition covers more than 150 of the most important tasks, ranging from simple features such as opening a folder to more advanced topics such as installing new hardware or restoring a system. It also includes coverage on Service Pack 2, the latest Windows XP release, the Security Center, the Start command, working with multiple users, Windows Firewall, Media Player, pop-up blockers, managing printers, and much more. The step-by-step instructions accompanied by full-color visuals mean you'll spend less time reading and more time learning!

Customer Reviews

For someone who is totally new to Windows, this attractively illustrated and well written book is a handy and useful guide for the bare bones basics. However even a beginner already familiar with Windows 95,98 or Windows ME will find it no more than a 98% rehash of what they already know.

This is an excellent first book for anyone who is just learning how to use Windows XP. It answers all the basic questions in an easy to follow visual style. The main index makes it a breeze to find out how to do a specific task in seconds.As a tech support specialist, I recommend this book to anyone that needs help with Windows basics.

I am a woman in my 60's and always had another type of computer system and changed to

Microsoft Windows XP. In order to understand I searched for a easy and simple book and found it on , I am a big fan and get almost all from them. I also look for deals. THis book answered all my questions ,in a simple way for me to understand. I recomend to any one new to the system and has a hard time understanding computer talk.

The perfect book for beginners: easy with clear screen shot illustrations of whatever task one wants to do.A person can easily learn the basics and go onto the more involved tasks with the assurance that you have an excellent guide to help you.If you are new to computers this is the ideal book to begin with.

The easy steps are clearly illustrated. The content is fine, it's my learning that's hard. This is an excellent choice if your looking for the basics of xp.

These books are for a senior citizens basic computer course and we are very pleased with them.

The book is a great resource book. It came quickly and in good condition.mep
