Bloomin Besties • is the second of three coloring books recently released by Sherri Baldy. Her My Besties illustrations have a world-wide following but I only recently discovered her adorable big eyed girls. As I love to garden, the Bloomin girls are especially cute for me to color. A good number of the designs actually show the little gardeners at work but others are lovely girls with lots and lots of flowers. There are also a couple of cute animal designs as well. I really appreciate getting two copies of each design. That gives me the opportunity to try two colorways or to share a copy with my husband who also colors along with me. I really like these designs for fun and quick projects â “ I

can use my markers for base color and then shade with a variety of pencils and finish it in one sitting. I chose a cute little garden girl who is helping her flowers become just a tad more colorful as my first project and used alcohol-based markers to color the design and then oil-based pencils for shading. Here is what I found within this book: 25 x 2 (50) My Besties Garden/Flower Girl Designs Printed on one side of the page Page is white, slightly rough, and is non-perforated Glue Bound Designs do not merge into the binding Room enough to cut pages out if you wish to do so Alcohol and water-based markers bleed through the page Gel pens and India ink pens leave color shadows on back of the page Coloring pencils work well: soft lead lay down color, layer, and blend well; hard lead dent the back of the page but lay down good color

Cute! Just FYI, the book has 50 pages but you get 2 of each page, so you actually only get 25 different pictures. Also, there is no background scenery on any of the pictures. But it is fun to color, since the girls are so adorable!

This is one of-- if not the cutest coloring books I have ever seen! I bought it for a little friend who is challenged and she spends many hours a week coloring. She is in love with this one. It was so cute that I couldn't resist coloring three or four of them before I gave it to her! It actually brings sunshine into her life! I hope Sherri Ann will do one with precious little pets both domestic and game. She is a great artist-- one who speaks to the heart of the receiver. Thank you for such a wonderful choice of quality coloring books.

I love her books, they are so cute and fun.... the paper is good quality and they are a joy to color.... I do wish that she would not have a duplicate of the pages, instead of just having fifty individual drawings.... that would be the icing on the cake.

I love the illustrations in this coloring book. However, I am not pleased with the reproduction of her illustrations. The lines are jagged and pixelated. When using a blender pencil the black lines will sometimes smear and I am unable to repair it. I am hoping the author will improve the quality of the reproduction since I would like to purchase more in the future.

Best coloring book in the world. ADORE Sherri and all her work.

Sherry's drawings are amazing! The cute little quirky faces of all the girls, makes you fall in love with

them! I love the fact that the book has 2 of every drawing, so you can change things around on the next one!!

Awesome coloring book. These bestie kids are so much fun to color. I would like a little more background though. There really is none. The other problem I am finding is the black ink will smear when you use your blender. So I take a star off for that. I have given all of the other books I have of her five stars because of the art. It's very very frustrating when you color with light pencils and work hard to get a great result, only to have the lines smear into the color.
