The Complete Hamster Care Guide: How To Have A Happy, Healthy Hamster

Synopsis

Breakthrough Ebook Reveals Secrets of How to Raise a Happy, Healthy Hamster This ebook covers everything you need to know about caring for hamsters. It was written by someone with years of experience in raising and breeding hamsters, so it includes things you won't find in other hamster books. Whether you like golden (Syrian) hamsters, dwarf hamsters, Campbell's, winter whites, Roborovskis, or other types of hamsters, you'll find complete coverage in the ebook. Here is just a sample of what you will learn: Is a hamster the right pet for you? How to easily tell whether a hamster is male or female Common places you should never go to buy a hamster The many varieties of hamsters and how to choose the right hamster for you Common foods that can make your hamster sick (or worse) Which types of hamsters should be kept together, and which ones should never live in the same cage What to do before you get a hamster Ways to help your hamster live longer How to save money buying your hamster's cage, and pitfalls to avoid All about dwarf hamsters and other "exotic" species and how to meet their special needs How to make sure you choose a healthy hamster in the first place Tips on hamsters and kids Common types of bedding that can kill your hamster. (Sadly, these are still sold in pet stores and labeled as safe.) How to keep your hamster's environment clean, healthy, and safe Extensive coverage of all the popular types of hamster cages, including some you may not have known about Which popular cage accessory could be dangerous for your dwarf hamster? The right way to bring your hamster home Common mistakes and health hazards to avoid when setting up your hamster's cage What to do immediately if your hamster escapes An extensive list of foods your hamster will love Advice for keeping hamsters with other types of pets Tips on traveling with your hamster The right time of day to buy your hamster Should you bathe your hamster? Fun and safe ways to play with your hamster Signs your hamster may be sick, and what to do about it Why some popular types of cages may be a bad choice for your hamster A step-by-step program for taming your hamster so he will want to be handled How to make sure your hamster gets the exercise he needs Common mistakes to avoid when breeding hamsters. (Do this wrong, and your hamster could be killed.) How to care for pregnant and newborn hamsters Safe ways of capturing a runaway hamster A complete cage cleaning and maintenance checklist Hamster toys and accessories you can easily make yourself and save money in the process Don't learn everything by trial and error, and risk losing a few hamsters along the way, when you can invest in this ebook and get the information you need right now.

Customer Reviews

I just read read this book all the way through without stopping . I liked it very informative. Goes into good detail without going too detailed. The author focuses on syrian hamsters but does talk about the other breeds including some most people have never herd of. I wished that it would have talked more about the nutritional requirements and about about wheel sizes.

I read the book but I got it mainly for my 8 year old son for his 3 hamsters... Moose, Jelly Belly, and RoadRunner. I wanted him to take his responsibility seriously and learn instead of mindlessly treating them just as pets without much thought.My son read the book and he's diligently following the recommendations and we realized we made a few mistakes before buying the hamsters and taking care of them. This is a great educational book that you should get for yourself and your kids. 1 big tip: Get the book BEFORE you get hamsters. You'll save yourself some aggravation that way.

LOVED IT

It's ok, but too expensive for what is offered. I can find better guides for free on youtube!
