Since I have a pressure cooker, I'm obsessed with new recipes :) This cook-book is one of the best I've ever come across. The recipes are unique, easy to understand and simple for the preparations. From this book I have prepared a full Sunday lunch for my parents and my family. Even the dessert! I am really delighted with recipes, as well as the possibilities of the pressure pot. Sincere recommended!

I took the recipe of Mangolian beef and it has been a nice experience. Select Sauté mode of the cooker, add butter and let it melt. Season steak strips with salt and pepper. Sauté meat in batches until all the meat browned. Transfer it to a plate and set aside. Add garlic in the cooker and sauté for a minute. Then, add soy sauce, half cup water, brown sugar, and ginger. Adding beef, stir, and lock the lid. Select High Pressure.

For an easy start to pressure cooking, this is a decent book to have. I would not hesitate to recommend this cookbook to anyone wanting to gain better insight as to what a pressure cooker is capable of and looking forward to experimenting and trying many more of the recipes in the book.

Impressive recipes! I love food and cooking so I figured I'll advance my knowledge. I thought I knew a lot already but this book has helped me learn the benefits with pressure cooking, first of all " I had no idea that pressure cooking helps retain food vitamins and preserve the taste, a win for everyone! The book which always smells good, that's how I want to characterize this book. The author cites the recipes are pretty easy to make, but at the same time overlook the beautiful and delicious. The book is a real treasure for foodies and calorie watching her figure. I recommend.
