## Customer Reviews

I believe I got this for free or 99 cents. That makes complaining difficult, but some recipes in this cookbook made me wonder if the author actually tested the recipes in an Instant Pot. I am therefore reluctant to risk wasting ingredients on some of the other recipes, although they look good. For example: Potato Bacon Hash Browns: Calls for, by uncooked weight, 1 part bacon to 2 parts potatoes. Prepare to die. Red Lentil chili with Fake Parmesan: This recipe calls for approximately 60 cups worth of ingredients, including 28 cups of water. This does not include the fake Parmesan topping, which is an additional 6 cups of ingredients. A six-quart pressure cooker holds, by definition, 24 cups. Can someone please explain to me how I am supposed to fit 60 cups of ingredients into a 24 cup container?! Thanksgiving Turkey: Again, calls for more ingredients than could reasonably fit into the pot - including two small whole turkeys. Pressure Cooker Custard: calls for only 4 tablespoons of sugar for 6 eggs, 4 egg yolks and 3.5 cups milk.

This book has made my life easier! All the recipes are delicious! I love the varieties of recipes in here. And great thing that the instructions are easy to follow. I can't wait to try each recipe. I would recommend this to all my friends and for those who wants to save time but still wants to have delicious meals!

I always get little time to prepare a proper meal since I do not have enough time to cook. This book introduces me with an excellent gadget called electric cooker that could prepare meal within a short time. Moreover, this book including few lip-smacking recipes that can be made through the cooker very quickly helps me to work while cooking and I won't need more than an hour or two. All the recipes given here with necessary ingredients and cooking method are easy to prepare by programming on the electric cooker and it saves energy also. I think, this is an excellent book to provide me help with cooking.

This cookbook has a wide variety of recipes to satisfy anyone, no matter their taste. I'm a picky eater but I found a lot of recipes that I really like. The instructions are easy to follow and the food is great. This cook book is huge and very helpful. Inside of this book I have found tons of instant pot pressure cooker recipes. Pressure cooker is an amazing tool to save both time and money while making a meal. By reading this book I am pleased.

This book changed my cooking experience. If any one want's to make instant food this book is the

best guide. The recipes I've tried are very easy, take little time to prepare, and produce good results every time. The recipes are written specifically for the instant pot pressure cookers. Although users of other electric pressure cookers will also find it handy. And contains lot of images to enable you have a fore sight as to how your meals will look like as well as cooking times to let you know how long you will be spending on that delicious meal.

While I understand the frustration some people had when they discovered that this is the same book that came with the Instant Pot, I find it really handy having it in the Kindle digital format. Also, cooking time tables have changed, so I appreciate having the corrected times as well. Definitely well worth the 99 cents I paid.

This is an excellent collection which every kitchen should have. Electric pressure cooker is an amazing tool and I would recommed you get one, if you don't one yet. It's handy, useful and has plenty of advantages. It's not a problem if you don't know how to cook because the book provides a step by step guide on how to prepare your meal. The good thing about this book is that the recipes that are provided here are not just for lunch or dinner. It contains recipes for breakfast, lunch, dinner, dessert and last but not the least the snacks!

My life is very busy nowadays. I run to office in the morning and come home later with tired body and mind. I know it is not my own case. Most of us have very little time to take care of ourselves, to spend with family or even to cook food. So, I started using certain gadgets which helped me to cook elaborate meals within few minutes. This book contains variety of instant cooking recipes. Try these recipes yourself and taste homely meals!
