Synopsis

Pressure Cooker Meals
The Essential Kitchen Series, Book 17
Spend less time in the kitchen, eat healthier, and save money by going out to eat less! You know how quickly and easily you can prepare a meal using your pressure cooker, but how often do you use it? The problem is a lack of realistic, homemade recipe options. The Essential Kitchen Series smashes that thinking by delivering **Pressure Cooker Meals**. Enjoy 30 quick and easy recipes that will turn a night in the kitchen into a night with your family. Cook delicious, mouthwatering, nutritious meals with ease and very little mess. Cook a meal in half the time
Preparing a complete meal, using a pressure cooker, is perhaps one of the easiest forms of cooking. Ingredients are prepared in advance, placed for a determined length of time in the cooker, and it does the rest. Does it sound overly simple? YES! That's the point. Any number of tasty combinations are possible. Once you've mastered the 30 recipes contained in this easy-to-follow cookbook, you'll astound your family and friends with your own concoctions. There is literally no way to go wrong with these wonderful recipes. It can't be that easy
There truly are few things in life that are as easily done as first thought. That is not the case with using a pressure cooker. Inside this unusually simple guide, you'll learn how to make the most of your time, utilizing this amazing kitchen appliance. Learn what thousands have already discovered: there is an easy and fast way to impress your family at dinnertime and friends over cocktails – astound them, and then tell them where you got this gem of a cookbook. Conquer the art of Pressure Cooking! It's your kitchen, why mess it up at the end of a long day... simply slam a few ingredients into a pressure cooker, and serve delicious meals, hot and ready. Adopt the idea of "I can do it" and buy this cookbook today! You'll have absolutely no regrets, but will be thrilled with the compliments these recipes will elicit from your loved ones. When you purchase today, you will also get access to a special free gift from The Essential Kitchen Series (\$97 Value).

Customer Reviews

First cookbook I purchased(well.. got for free through the promotion) for my kindle.It was surprisingly very good. Easy to navigate and was very clear on how to cook with my pressure cooker. I'm a guy, so I don't really have time to spend in the kitchen like my fiance does. But the 2 meals I made for us, she was very impressed. They were very easy to make too.They gave more info then just recipes.. they actually gave you history, different types of pressure cookers, and how to adjust your recipes for each.I didn't know there were more than one type of pressure cooker.. I just thought it was only the electric kind that I have. Good to know.There were also some other recipes in the book as a bonus.. I'll use those sometime soon..I gave it 5 stars because it was that good, I'd recommend it to anyone who owns a pressure cooker.

I have an old pressure cooker my mom gave me years ago. I remember it too be very loud and kind of scary to use. I forgot I had it until I got this book and had never used it before. It still works fine and as noisy... There is a lot of information about slow cooker in this book as well as safety measures. I tried the one hour pot roast recipe and it was so easy and quick to make. The whole family loved the pot roast. I will definetively will be using this book to make some more recipes. I like that the author tells you which size of cooker you need for each of the recipe. The instructions are clear and concise, making it easy to prepare the recipes. If you want to learn how to cook delicious food with a pressure cooker, than you'll be very happy with this book.

This ebook is one I am sure I will be consulting many times in the future. It's filled with tips and recipes about a subject that I've not had a lot of success finding elsewhere. The instructions are

stated unambiguously and that is what I've needed. A bonus is a great gift ebook entitled Essential Kitchen Series Hacks and Tips. I gladly give this 5 stars.

I was surprised that it was as small as it was. When I received the package my first impression was that they had forgotten to put everything in it. I should have paid more attention to the book's description (i.e. number of pages and actual physical dimensions) unless the recipes are absolutely out of sight (which I won't know until my wife uses it for a recipe with her Christmas crock-pot) \$13.95 for this book is, even by today's inflated prices a rip-off.

Whenever I see my Mom cooking using a pressure cooker, I feel scared because of its sound. (well maybe it depends on what type of pressure cooker you have at home, ours is too loud) Despite of its loud sound, I am enjoying any food she cooks most especially beef recipes! That is why I gave her this book as a gift because she loves cooking using her best friend in cooking - Pressure Cooker. :)

I am SOOOOO digging pressure cooking at the moment! The retro style of cooking has made a massive comeback and I can see why after deciding to purchase one (stove top one) and making recipes from this book! Beef stew in 20 minutes...YES PLEASE! Easy to follow recipes, great introduction, top tips and guidelines. Grab this book for pressure cooking heaven!
