Antique Tins: Identification & Values, Book 3

Synopsis

Over 1,600 full color photos not presented in books one and two. Includes a descriptive condition grading scale, values, sizes, companies, and makers and information for finding antique tins. Grouped according to the product which they originally contained or for which they were designed. 1999 values. AUTHORBIO: Fred Dodge has traveled abroad in his years of antique tin collecting. After countless hours of research and input from dealers, collectors, and tin owners, he authored a popular three-volume series, Antique Tins. REVIEW: Within this book readers will find tins from talented artists who have captured hundreds of colorful eye-catching graphics, many of which commemorate special historic events ranging from politics and sports, to famous people and places. Hundreds of tins are featured in full color.

Customer Reviews

Beautiful updated hardback book featuring more than 1,600 sharp full color photos of popular collectible tins. Many of these tins do not appear in other books. Items are in groups such as tobacco tins, baking powders, coffee, candy, oilers, etc. 17 major catagories are included. It provides grading examples, where to find tins, and evaluating their condition. The pictures are a pleasure to view.

A book that every collector should have on hand. Helps identify, grade and value your tin. Great wish book. Would highly recommend to all.

Received in great condition and very helpful. I got more information than I needed. Amazing how much old stuff is valued at

I am not sure that I even own this book...or once owned it. It is finally catching up to me, after ten years, so I don't see it on my bookshelf anymore. Either I've gotten rid of it or I've never owned it, therefore in all honesty and fairness, I cannot give an opinion.
