Mouse Pin Trading: Summer 2012 B/W Edition: The Complete Guide To The Fun And Obsessive World Of Disney Pin Trading!

Synopsis

Expanded and all new for Summer 2012! The Mouse Pin Trading Guide is your inside track to anything and everything you could want to know about Disney Pin Trading! This Guide is an essential tool for anyone who has ever traded or wanted to trade Disney pins and will earn a spot in your pin bag, right beside your favorite Disney pins. The "Pinformation" in this insightful handbook has been gathered from over 10 years of Disney Pin Trading by the Mouse Pin Trading Team in Walt Disney World and Disneyland. The book contains tons of tips, tricks and useful bits that will make your Disney Pin Trading experience an enjoyable one for everyone in your family. This guide literally covers the A-Z of Disney Pin Trading and walks you through everything from Where to Buy Your Pins to the Proper Way to Trade with Disney Cast Members. It even includes a full glossary of Disney Pin Trading Lingo and over 120 pages of Hidden Mickey Pin Checklists so you can keep track of the pins you have and the pins you need! Fully illustrated with 100+™s of actual Disney Pins, this book is as visually captivating as it is informative. The Mouse Pin Trading Tips tucked amongst the pages will save you a ton of time and a lot of money! This guide is a must have for anyone planning a Disney Vacation. Happy Trading!

Customer Reviews

Is it a completely comprehensive guide listing every single pin out there? No. There are some things that I find need to be updated (there's no "Pin Stroller" listed at Animal Kingdom, but I know there's one there) but that could easily be due to things changing in due course at WDW. I appreciate a little humor mixed in with things, and I loved reading the author's comments, for example where they

describe an exact timeline of waiting in line for a limited release pin. I did not find much of the information to be uncommon knowledge, those who are already "in" to pin trading are probably already aware of it, but it's a GREAT starting point for newbies. As less of a newbie, what I liked the most were the check lists in the back of the book! Yes, you can get the lists online or on smart phones, or PDF files, but not so deep down, I'm a nerdy bookworm, and there's just something very satisfying about taking a pencil and checking something off physically in the book. I wish I'd gotten a version with color photos, I didn't realize prior to purchasing that there was one available, but I still enjoy this book! It's not overly huge and heavy, could be tossed in a tote or backpack for travel too!

I admit it, I am a Disney pin addict. I don't know why, but I have faced the fact that I have a pin problem. That being said, I bought this book to help feed my addiction. As an amateur pin trader, this book had very helpful information about where to find pins, the etiquette in trading, and the different types of pins for trading. What I found most helpful were the pictures of many of the pins out there for trading. Although it cannot show all of the pins (there are way too many) it was helpful in showing the different sets of pins, so I would know what to look for to complete the sets I have. The one complaint I have about this book is the quality of the pin pictures. They were a little fuzzy. For any amateur Disney pin fanatic or for anyone who is just interested in learning more about Disney pin trading, I recommend this book.[...]

My son and I eagerly awaited this book. When we got it it took us an hour or so collectively to go through it. We had fun. Last year when we went to Disney we got involved in pin trading. We spent a pretty penny and I am glad we found this book. We have considered the options and the ways to avoid scrappers. Thank you so much for this little book. My son will most likely carry it around with him on our trip this fall.

I have no complaint about the quality and usefulness of the text of this book, and I did not expect an "art book," but the photographic reproductions of pins is so poor that some of them appear as little more than smudges. Other reviewers have, in fact, mentioned this flaw in passing, but I was unprepared for how much it impairs the book's utility.
