Customer Reviews

This is a very well written cookbook with many very good recipes. I've had the chance to try out a number of recipes from these books. They are easy to follow and delicious in the outcome. I absolutely loved the recipe for the sourdough starter, it's flavorful and easy to make, and they give you different variations so you can use the flour of your choice and make different flavors. I will get a lot of use from these recipes as a number of them have quickly become my families favorites. I did receive this book set free in exchange for an honest review.
