Customer Reviews

I decided I wanted to give grandparent journals to the parents and in-laws for Christmas, and began reading the reviews for the many books. I have a rather comprehensive genealogy already done, so I wasn't too interested in getting the whole "family tree" aspect. Instead, I wanted insight into the person's childhood and adulthood, and perhaps some little personal nuggets that would really flesh them out for me, my kids, and generations to come. At Any rate, I still couldn't figure out which one I wanted (sometimes those "look inside" things are just useless, showing copyright pages and blank sheets!), and of course the local book stores don't have all of them. I decided the only way I could decide which was right was to buy them all, look at them, and return the ones I didn't like as well. So, I bought Grandmother Remembers, A Grandparent's Legacy: Your Life Story in Your Own Words, A Grandparent's Book, The Grandmother Book: A Book About You for Your Grandchild, Grandparents Journal, and Memories for My Grandchild.
