Customer Reviews

Some of the recipes here are a little common but that might be because I have been smoking red meat for quite awhile now. I have tried and research on some of the recipes in this book with regards to flavor and difficulty in cooking. I am pleased to say that the recipes in this book are easy even for beginners. I have yet to try all the recipes given on the book, and hopefully will get to try

Great book with great recipes for anyone with a smoker. Has everything from pork to fish to chicken. Take a look at some of the recipes in the table of contents to get an idea. You won't be disappointed!

As a smoked meat lover this book is perfect for me. I purchase this book so that I could learn how to prepare those 25 greatest smoking meat recipes to impress my friends when we have a gathering. Rory did a remarkable job on creating a very well detailed cookbook like this and I commend him for that. It is indeed a very good book to have and I highly recommend it to everyone.

I know that smoked meat is not to everyone's taste, but my family loves it. When this book came online, it was my husband who urged me to buy it. If I buy the book, he said he will take charge of the process. Good thing, most of the recipes in this book for barbecue marinate are really easy to follow, so the man of our house can keep his promise of being in charge of our barbecues.
