## Synopsis

A Practical Guide for Delivering an Unforgettable Wedding Speech

Your wedding day should be the most important day of your life. It is the day when all your friends and family, as well as the friends and family of your husband-to-be, gather together to celebrate your big day. Unless you are lucky enough to be able to afford a wedding planner, you will have so many things to think about and plan, from the pre-wedding parties to the wedding ceremony and reception, and even the honeymoon. As part of your wedding day, it is expected that certain people in your wedding party give speeches to congratulate you on your newly married status and also to tell a few stories about you and the groom. To a certain extent, you don't need to worry about this aspect of the wedding, unless you intend to make a speech yourself. However, you will want to have an input into who makes the speeches and how long they are because this will have a roll-on effect on everything else that happens at your wedding reception. Who gives the speeches and toasts at your wedding really depends on what you want. It is traditional for the male side of the wedding party only to give speeches. You may even want to cut this down further and just ask the best man and groom to give a speech. Then again, you may want to laugh in the face of tradition and make sure the female side of the wedding party, including yourself, have the chance to say something. Of course, you will need to check with everyone that they are happy to give a speech. The groom and best man probably won't have much choice, but others may prefer to stay quiet and simply listen to what the main members of the wedding party have to say.

This is a handy guide for anyone who is asked to do a wedding speech, as well as the bride and groom. As the author states, it is nice to be able to control the length and placement of speeches in your wedding, so everything runs smoothly and on time. I like that the author gave examples of

such an array of speeches from a variety of people that attend the wedding. An all around great resource. Thumbs up!

I got this book for my brother's upcoming church wedding to his long-time girlfriend. Actually, they already got married in Las Vegas a few months ago but we, his whole family were dismayed because the couple didn't tell us about it. They were on vacation at that time and when they saw the Little Chapel in Vegas, they hooked up. Couple of months later, they decided to tell us the truth and now they want a real wedding with the whole family (of both sides) in full attendance. The wedding will take place by the end of they year (December) so this book by Sam Siv is really helpful not only to me but to my mom, dad and in-laws. Wedding Speeches is a very useful guide that contains information & instructions on how to prepare and write speeches. I was tasked to help in hosting my brother's forthcoming wedding reception and now I am prepared. I liked that there is info on the proper order of speeches as well as how to make sure that a great speech is delivered. Before I read this book, I am in charge of writing intros for the bride and groom, how they met and the things they have in common. I thought those were the basic things to do and prepare. I was wrong. When I read Wedding Speeches, I discovered that there are a lot of factors to consider when introducing the principal roles in a wedding. Thanks to Sam Siv, I know more about the proper welcome and introductions, the kind of toasts that should take place and the ones that should be avoided and acknowledging the presence of in-laws & guests. I'm glad because this book really proved to be very valuable to me.

This book is the perfect guide to delivering a unforgettable speech at a wedding. I may not have a wedding coming up soon but who knows. Soon enough i will be at one possibly delivering a speech and I will put into practice what i learnt and be able to give an amazing speech and i will owe it to this book. Highly recommended.

I bought this book along with the authors book on wedding planning as I am the upcoming maid of honor to my best friends wedding. Never having given a speech before at a wedding, I knew I needed to do my homework when it came to delivering one during the reception. While this book provide information on what my speech could contain, it also contains a lot of really good information that a Maid of Honor needs to know regarding the entire wedding wedding party's speeches (like the order) and what needs to be avoided during the speeches so there aren't any awkward moments during the reception. While I've taken a college speech class, I was still able to

read a lot of good tips that I didn't know throughout the book. I highly recommend this book to anyone planning their wedding or giving a speech at one.

This book would be very helpful if you are preparing to write a speech for a wedding. It has many great examples of speeches and definitely prepares you for the ultimate wedding speech. This book is well written and targets everyone who would need to speak at a wedding!

Wedding Speeches By Sam Siv Reviewed by Author Cliff Roberts No more freezing in public. Wow a great guide that anyone can use to help make themselves look like a pro speaker. The book title would lead one to believe to that its strictly about giving toasts at weddings but I found it to be a practical guide to giving speeches of all kinds. Yeah sure its great for that embarrassing moment at weddings when youâ™re expected produce a humorous and yet endearing short comment on the anyone involved- really great how to guide- but it also provides a great overall outline for giving a speech on any subject. As someone who has given speeches professionally and knows just how tough it can be to do it right- I highly recommend this book. It is a must read for ay best man, maid of honor or anyone else whoâ™s got to speak in front of a crowd. Five stars!

Giving a public speech is right up there with the the nightmare of being caught naked in a crowd. Nerve racking is the only way I can think of describing it. Hence, the need for this book, it discusses the art of giving beautiful speeches at a wedding. Whether you are the mother of the bride, bridesmaid, best-man the list goes on. There are sample speeches the dos and don'ts everything. I highly recommend this especially if you are a novice in giving speeches. It helps with the fears.

before reading this book, I knew that normally the best man and maid of honor gave a speech but I had never really given it much thought. I learned that there are actually more people expected to give speeches and that there is an etiquette about who gives speeches first.this book gives in depth detail for each person related to the wedding, from who is expected to give the speech, what to say, and how to sound confident so they can get it right. It really has everything needed for all involved.
