Favorite Food At Home: Delicious Comfort Food From Irelandâ€™s Most Famous Chef

Synopsis

“Food for real people.” —Irish Examiner
In Favorite Food at Home, Ireland’s favorite chef, Rachel Allen, the Irish cooking queen (BBC), provides inspirational, easy-to-follow recipes for delicious, comforting, soul satisfying meals you can prepare and enjoy at home with family and friends. A teacher at the famed cooking school at Ballymaloe—the Emerald Isle’s answer to Nigella Lawson—Allen has already been featured in Food & Wine, on Today, and The Martha Stewart radio show, and Favorite Food at Home will likely make her a household name in America as well.

Rachel Allen turned out to be my favourite chef by far... I discovered her just by chance when I got Home Cooking (100% outstanding) when in London. I knew nothing about her. Now I've become fan number one... What about this book? As always, recipes from Rachel work well, tasty food, clear instructions, etc; both unique and traditional recipes are included in her books. You can argue that there are a lot of pictures of her and her family... but still this book is simply excellent. A real pity that .co.uk and .com... seem to work independently. If one wants to get her other books... only imports are available.

What a nice book of food for the family. This is a bit of a personal quest for me, as I have a couple of picky eaters in our house. Her food is hearty when it needs to be, light when you want light, and seems to have passed muster with most of the kids. She's a good cook, rather than a chef, and I find that makes all the difference in how doable and 'eatable' the recipes are. I picked this up before

I knew that she has a show on TV, and it stands alone nicely. More than can be said for some other tv cookbooks I've bought.

For Americans Rachel Allen's Favorite Food at Home is just a tiny bit "European" without any hard work or tricky ingredients you don't have. The pictures of Rachel and her family are so casual and inviting you wish you were there. The food feels and reads and turns out the same way. Casual and inviting. Kids will eat it! Grandmothers want to make it. And everybody in between can fix it, serve it then sit down with a glass of wine and enjoy the people who are going to help eat it. Have you seen the recipes before? Probably. Or something quite like them with maybe different names here and there. This book doesn't intend to be more inventive or impressive than other books of it's kind. You're invited you to do it your way if that makes you happy. And that is the point of this cook book. It will make you feel happy. It mixes love right in every recipe.

If you're looking for simple, tasty food this is the book for you. It's not mom's fried chicken or aunt tillie's meatloaf, but interesting food, made accessible.

Love this cookbook. Simple to prepare dishes and lots of great flavors in every recipe. Preparing good meals needn't be a long, difficult procedure and this book proves it. Delightfully written, this book will remain as one of my favorites.

A lot of these recipes can also be found in "Rachel's Irish Family Food" - though this cookbook includes much more of a focus on entertaining. It has some gems, but it pales in comparison to Irish Family Food

I love Rachel's show on PBS, and I was hoping that she had published a cookbook with all the recipes from the show. Thankfully, this is exactly what I was looking for! True, it might not be the most "authentic" Irish cuisine, and the book might not be packed with entertaining background stories or lots of extra bits of info and tips, but I don't think that's what it was meant to be. This cookbook is intended to be a companion to Rachel's cooking show, and it succeeds fantastically. Every recipe from the show is included and explained in simple, easy-to-follow directions, and everything is delicious. I love this cookbook!!

I bought this cookbook thinking it was strictly Irish foods but to my dismay it isn't--it includes other

ethnic foods but is still a nice cookbook to have. The book is thick & a paperback which makes it hard to leave open when trying a recipe.
