Customer Reviews

This tape tackles weight loss as a body image issue. Side one is a relaxation session, using visualization techniques read by Robert Griswold. Side two has flute/new age music with subliminal messages only. The tape is fairly short, but effective.

He uses affirmations and relaxation to help you with your self-image. It really helped me in my journey of weight loss. I still listen to the tape once a day, and along with diet and exercise, the pounds are coming off!

I use this at home when I am relaxing or right before sleeping. Very positive and supportive. It is suitable for use with all diets. I am finding it does help me stay on track with my diet and is extremely helpful to combat those kinda blue feelings you sometimes get when dieting.

I used to have the cassette tape and finally upgraded to the CD. I'm so glad I did. I feel so good after listening to it, and the programming is really sinking in. I've been listening every night for 2 weeks

and I can see a big difference in my outlook on life, the way I feel about myself, and most importantly my eating habits! I encourage anyone who is on the fence to give it a try!!
