Customer Reviews

Microsoft Excel is the essential tools for everybody who wants to enhance their business and run it at it's maximum capacity. This guide have complete info for starter, who wants to learn it real fast, must read this guide it'll enable them to use it within one day. And those who are using MS Excel can use this guide this guide to boost their knowledge about it.

This is totally beginners guide and the best thing is that this book also able to do you master in the productivity and the usage of this. This book recquires good follower and i appreciate these kind of books.

This just excellent, its like taking a short course and that too in 24hours maximum. Excel is a must learn skill now a days, if you are going for some internships this summer you should learn to master your excel skills as soon as possible.

Before reading this book I did not know much about on how to use excel but now I have become a master expert in operating excel. A good book describing all of excel's features and formulas.

My work involves a lot of entries in the excel sheet and I guess I know 70% of the things that can be done on excel. It's time to learn remaining 30%
