We all need decorating ideas from time to time. But if you are planning a wedding, reception or cocktail party, I recommend this book. The author has some wonderful ideas, unique and certainly different - with elegance! Great idea book!

I love the institution of marriage and the ceremony of two lives being united as one. Paris has put together a diversified array of wedding decorations in "Wedding Decoration Ideas." I love the twist with the photos being framed like a work of art. I've decorated weddings for my daughters, nieces and friends from church. Believe me every bride wants a unique wedding that reflects her taste and one she can look back on through the years and enjoy. Wedding Decoration Ideas give you a starting point for ideas that you can adapt for your wedding or for a loved one. There's so much to plan even with a simple wedding ...trust me pictures help.

There is nothing better than a wedding in my mind. The joining of two people in love with many hopes and dreams. Why not start off that union with a great party decorated to the max. Paris Kay Herson has given us the ingredients to a perfect party with beautiful decoration ideas. This book is creative and fun!

Sorry to the author, but these ideas.....ALL of them, have been published, copied and used for years!! Tulle and lights? Flowers used in church and hanging from the pews??? Make food look good??? No.... Sorry...it wouldn't have been helpful even if free...but to think I paid for it!!! The ideas aren't BAD...they're just considered common knowledge. Will be much more careful before purchasing next time!!!

I am so disappointed that I paid for this booklet!!!! I can't even call it a book!!! PLEASE do not waste your money, the only color pictures are on the front and back covers. This book probably only cost 8 - 10 cents to make and should be given away to people, actually it shouldn't even be given away!!! I was so excited about receiving this book (which it again is not a book) and was so VERY DISAPPOINTED!!!! I wish I could get my money back!!!!BUYER BEWARE

This book contains some refreshingly good ideas for enhancing an already well-planned and meticulously decorated wedding event. There is a great selection to apply, each of which will add a more memorable touch to an already memorable event.

Anyone seeking information about wedding decoration ideas could definitely benefit from reading this book. Not only does it contain helpful decoration ideas, but there's also a lot of beautiful pictures that compliment many of the decoration ideas provided. This is an excellent wedding book, well worth reading if you're planning a wedding in the near future...

My daughter is getting married next year and this has some good ideas in it. Plus she is not one who can visualize it, she needs to see a picture so the up close photos were nice. I did think it would be bigger though. More the size of a regular magazine.
