This is a Wonderful Book of Recipes using Slow Cooker and by Weight Watchers.For me, this is truly a unique and wonderful book talking about Weight Watchers, Slow Cooker and many delicious recipes.Blake Mason started the book with explaining about the Weight Watchers Program. There are lots of benefits included in this program like the community, evolution, commitment to fitness, and the Smart Points, as Blake says.I also like what Blake talks about Weight Watchers. Blake says, "Weight Watchers stresses the importance of exercise and physical fitness in addition to proper nutrition and 'changing your way of thinking' when it comes to food is yet another reason for their widely known success."I love that phrase.."changing your way of thinking". Truly, that's one of the secrets of Weight Watchers that's why they become successful up until now.Also included in the book is the Slow Cooker that Blake introduced, wherein it will be used in cooking Weight Watcher Friendly Slow Cooker Recipes.In each recipe, there is the servings, Smart Points (which make this book 'Unique'), ingredients, instructions, cooking times, and nutritional facts.And among all the recipes in the book, here are my favorites:- Beef & Green Chiles Stew- Delicious Sausages & Beans Soup- Simple Beef Roast- Three Ingredients Beef RoastOverall, this is a Wonderful Book of Recipes, together with Slow Cooker and Weight Watchers.I highly recommend this book to every
