Knitted Fairy Tales: Retell The Famous Fables With Knitted Toys

Synopsis

Magical fairy tales brought to life. Knitted Fairy Tales invites you to knit the fabled characters from the land of make-believe, creating your own endearing versions of princes and princesses, giants and witches, including: Cinderella Hansel and Gretel Puss in Boots Snow White and the Seven Dwarfs Little Red Riding Hood and more. Easy-to-follow knitting patterns. All of the information on techniques, tools, and materials is included to get you started off right. In fact, it is suggested that washable, readily available yarns are used to ensure that these knitted characters stand the test of time. Plus, a nicely illustrated techniques section ensures that even newer knitters can easily work their way through these 15 adorable projects. These adorable characters will make story time extra special. Get your copy of Knitted Fairy Tales and start recreating your favorites from these 15 well-loved fairy tales. Knitted by hand, but made with love, these soft and cuddly characters encourage imaginative play and enhance story hour for young children and for grown-ups, too.

Customer Reviews

These are absolutely adorable! I haven't started any of the projects yet, but I envision knitting the entire book. Update: 4/13/2016 So I have now knitted several of the patterns and regrettably must downgrade my initial 5-star rating. Knitted toys are always complicated, and I do think that Ms. Keen has attempted to make them a bit easier for the novice. That being said, the way they are written, I am convinced that Ms. Keen prefers hand-sewing to knitting! Things that do not need to be knitted as separate pieces are written to be knit that way and then sewn together. In some cases this is

absolutely necessary, but in other cases there is no reason for it at all. Additionally, some of the clothing and accessory pieces are designed to be much larger than they appear in the photos, leaving gaps and covering shoes, etc., that should not be that way. This is a professionally published book, and frankly, my expectations are much higher than this. Note for experienced knitters: While Ms. Keen's predilection for knitting everything flat and then sewing pieces together has made me (with over 50 years of knitting experience) a bit crazy, that is not the reason for this low review. In fact, I have personally adjusted all the body pieces to knit them in the round on double-pointed needles. In order to do this without making the characters too fat, merely reduce the number of stitches in the row by the two needed for the seam and knit in a circle. This does not, however, keep the clothes from being too large. That is another matter entirely. PS: The reason I still give it three stars is because the characters are, indeed, adorable, and in spite of my grumbling and my constant re-writing of her directions, I'm still knitting the entire collection.

so adorable. can't wait to start on my fairy tale 'dolls'--i know my grandchildren will love them!!!

I can't wait to get started on my favourite fairy tale!!

Cute patterns with good instructions
