## Customer Reviews

This is an ok coloring book. If you look at the pictures I uploaded you can see that the designs are really simple and take up only about half of the page. Some of the designs have really small details where it will be hard to color if you use markers like I do. I thought it would have more 'swear' words in it going by the cover page but there's only 3 words in the book that you wouldn't want kids to see. It's ok for the price but I wouldn't recommend it to anybody wanting designs that are more

complicated. This book would probably work great for people that are just starting to color adult coloring books.

Very disappointed in this coloring book. The swear words were more or less just stupid regular words. Bought 2 of these and now regret it.

this book makes me laugh alot and i the art is great

Hilarious!!
