Synopsis

Don't go camping without this cookbook! Have you ever gone camping and realized, when you started to prepare your meals, that you forgot something, whether it was a certain condiment, a certain cooking utensil, or other cooking equipment? Just like when you're at home in the kitchen, it's important to have the right equipment for cooking when you're in the great outdoors, not just in terms of things like pots and pans, but also for when you and your family or friends are ready to eat that delicious meal you prepared. Therefore, it is a great idea to bring along this cookbook, with boasts with the following: A list of equipment you need Tips for packing for your trip Tips for camp cooking Over 40 recipes for preparation methods that include foil packet cooking, Dutch oven cooking, outdoor grilling, and cooking over the campfire Tips for each individual preparation method The collection of recipes include breakfast, lunch, dinner, snack AND dessert options. It will feel like you never left home, and the best thing about this collection, is that some of them can even be made AT home, making it a multipurpose cookbook. Buy this book now to learn everything about camp cooking and be a camp cooking master! Again, don't go camping without this book! Customer Reviews

I have been to a lot of camp activities before. And I must say, the heart of every camping is on the food, most especially when you get to share the cooking chores with everyone. And this book really comes in handy! The campfire recipes like kebabs, baby back ribs, fries, and even dessert like chocolate brownie are found in details here. I smell another camping this weekend!

The book is nicely covered in a heavy plastic jacket for taking with you. It's beautifully illustrated with menus of things you might never have thought of for camping. It all takes a bit of planning before you head out, but it should save you from hot dogs and beans every night! Bell is a food writer for magazines and an author of cookery books.

This book is unbelievable. I can't believe that some of the recipes can be cooked here with just a stove and a pan. I want to try it though. It is very challenging to cook some of the recipes like the corn dog and the bread. But it is very possible. It is because when I think of camping, it means s'mores and burger time for me.

With all the tasty, easy to make recipes in this book, I may not have to ponder what's for dinner for a long time. With all the explanations, conversation temps to use these in your oven and recipes for nearly every food you can think of, this book is gem! All the recipes are high on the yummy scale!!

My kids and I love to go camping whenever we get the chance and when weather permits. I got this book to help us out and to hopefully convince my wife to join us as she can sometimes be picky with food and location.

There are so many good recipes in this book I was an assistant Girl Scout Leader and have tried so many of these and the girls would beg for more of them .every one with children and goes camping should have one of these books
