Ozzie: The Story Of A Young Horse

Synopsis

Welcome to the #1 bestselling horse book. At the horse sales in Kilkenny, Elaine Heney bought a green five year old gelding. As she unloaded him in Tipperary that evening she realised she had a restart on her hands. This is the story of how they progressed since then. Early reviews have described this book as "beautifully written, fantastic and totally addictive reading. Elaine captures you and drags you into her world." "Small, wide-eyed and nervous the grey walked anxiously around the sales ring, his front feet moving apprehensively through the fresh yellow sawdust. Bidding started quickly, with the English lady leading the buyers triumphantly from the ring side. 500 quickly turned into 1000 and at 1500 he was officially on the market and would be sold. We quietly put in the next offer to the auctioneer's delight and after two or three more minutes of bidding, it was only us and the English dealer left as the price climbed higher. My heart was in my mouth. 'Going once, any more bids now?' The auctioneer's question rang around the room, crackling on the loudspeaker outside. I clenched my fists tightly and stopped breathing completely. 'Going twice, this is your last chance now.....' the auctioneer paused, hammer raised, as I wished and hoped and prayed simultaneously. The auctioneer took a deep breath, as he glanced around the room and then shouted 'Sold!' exuberantly, as the hammer flew through the air and crashed down loudly onto the dark mahogany counter.....

If your looking for something different when it comes to training and understanding horses well let this book be the start of your new journey...you'll get so much information and insight into how to communicate with horses... It's about the minor details meaning a lot ! which are so often overlooked by trainers... You'll start to see and understand things that you never noticed before....Thanks Elaine for all the help and support through this amazing book, I've learnt so much and continue to be amazed by horses :) Your energy and motivation is endless...

I know Elaine, I know Ozzie. She did a hell of a job with Ozzie, and she taught me how to work with our two big boys. Through her I got more confidence and more horsey knowledge. This book is a lovely read about her journey with Ozzie, and the other way around. There is a lot to learn from this book.

Elaine Heney is a great storyteller really bringing Ozzie to life in her writing while at the same time sharing her own considerable knowledge and expertise regarding horse training, creating a book entertaining enough that you don't even notice how much you are learning as you read it.

Brilliant book!!! I learnt so much from it. Ozzie's intriguing character was beautifully captivated by his two legged partner. Also there is a brilliant website which has given me a deeper insight into my exploration of natural horsemanship
