Cats Rule: The Bookstore Cat's Guide To The Care & Training Of Humans

Synopsis

In Neal Bowers's whimsical *Cats Rule: The Bookstore Cat's Guide to the Care and Training of Humans*, Eliot the Cat with all the wisdom acquired wandering the shelves of his bookstore home addresses those cats considering the adoption of humans. As he leads fellow felines through the steps required not only to understand that strange species of homo sapiens but also to learn to cohabitate, he reveals the challenging foibles and quirks that all cats must understand. From common misconceptions according to Eliot, we're not so much self-centered as lonely, living as we do at the top of the food chain to our strange work, eating, and even sexual and spiritual habits, Eliot leaves nothing to the feline imagination. As for his human readers, he reminds us that there is a cat out there just waiting to adopt us.

Customer Reviews

I could complain that this is nothing but fluff, but it's really fun, with an occasional hairball thrown in to make it interesting. I'm not a cat person - so far. I've got two dogs I love dearly. I have found they are okay with cats though, so maybe one day ... I found Eliot's "rules" for adopting a human

completely charming, and they even evinced an occasional chuckle. For example, his description of men & women together: "all skin and knobby joints - and connected first at the mouth and then entwined in ways that no self-respecting cats would attempt." This brought to mind a children's book I used to read to my kids about a little monster who told his mother he was frightened because "there's a little girl in my closet, and she's all covered with SKIN!" In all seriousness, however, the rules presented here make sense. If you want to know what is best for your cats, you could do worse than reading Bowers' book. My mother, at 90, adopted her first cat (or vice-versa) a couple years ago. They seem to have made adequate adjustments, but I'll pass CATS RULE along to her anyway. I'm sure she will love it. - Tim Bazzett, author of Reed City Boy
