American Cancer Society Complete Guide To Nutrition For Cancer Survivors: Eating Well, Staying Well During And After Cancer

Synopsis

Winner: 2011 American Medical Writers Association Award, Health Care Consumers; 2011 National Indie Excellence Award, Cancer; 2011 Mom's Choice Awards, Gold, Adult Books; Finalist: 2011 Next Generation Indie Book Award, Diet/Food/Nutrition "â"â"â" Written for consumers, patients, and families seeking reliable information about nutritional support for people with cancer, this comprehensive guide offers the latest information about using nutrition to optimal advantage during the cancer journey. Also discussed is the role of sound nutritional choices before, during, and after cancer therapy and how they can help bolster energy levels, strengthen the immune system, fight off infection, and minimize the side effects of treatment. Charts, information on special diets, and level-headed advice about dietary supplements make this a valuable tool for maintaining a healthy lifestyle.

Customer Reviews

I was seeking answers about how to eat properly to survive and prevent recurrence of cancer. Instead, I read repeatedly "More studies are needed.....Some believe....." So I didn't feel the book delivered what it promised.

I'm a chemo nurse and bought this book to share with patients. They always have a lot of questions about what to eat and not eat and this book has clear concise messages. Easy to read.

Very good information about what you need to know. Great advise for me. This is something I needed. I check this book out for myself. I am pleased to have this book. Very good ideas of food you need to be eating on a daily basis. People like me need a resources to go by. Please check this book out for yourself. You won't be disappointed.

Really enjoyed - recommended to family and friends - eased the pain of cancer disease when book revealed some foods [veggies] ward off cancer

I bought three of these my one of my sisters is having chemo it is full of information so we can all learn what is best for her

This is a good book for anyone trying to clean up their diet although it is definitely intended for cancer survivors. It is more fact based and less fad diet than most diet advice out there.
